FROM THE OFFICE OF THE CHIEF

As the Chief of Police for the Charlottesville Police Department, it is my pleasure to present the 2022 Annual report. It is important to highlight the amazing work the men and women of the Charlottesville Police Department do each and every day. Our professional staff, along with our sworn officers, work tirelessly to provide professional public safety services to our community.

In partnership with the community, we have been working tirelessly to improve communication between our staff and the community we serve. As we emerge from the Global Pandemic, it is time to refocus on building trust within the community through meaningful partnerships. It is my hope that through these partnerships, relationships will be built. We must focus on building trust in order to be successful in addressing the challenges we face. Whether it be gun violence or the scourge of fentanyl that has taken the lives of many of our neighbors, we must work together to address these issues.

In the year to come we will be focusing on three main areas:

- Community Partnerships/ gun violence
- Recruitment and retention
- Treatment and wellness of our staff

All three of these priorities compliment each other to ensure we can best serve those who live, work, and play in our city. We are currently in the process of developing a new mission, vision and values statement. This will ultimately guide our strategic planning process moving forward. This statement will most certainly focus on community partnerships, accountability, and public safety as its foundation.

As we focus on building community partnerships, it is important to ensure that any programs intended to do so be focused and intentional. We will advance these efforts through a newly formed position of the community involvement coordinator that was recently put into place. Police staffing will continue to be a significant challenge, as it is across the country. We will continue to look at ways to be innovative in our approach to recruitment and retention to ensure we are hiring those who reflect the values of our community. I am committed to bringing the Charlottesville Police Department to full staffing.

Public safety is an honorable profession comprised of dedicated public servants who work tirelessly to make a positive difference in the lives of our residents. It is one of my greatest honors to be able to serve as your Chief of Police and I commit that I will work tirelessly to ensure the public safety of all those who live, work and visit the City of Charlottesville.

The **Virginia Law Enforcement Professional Standards Commission (VLEPSC)** has been established to provide law enforcement agencies in the Commonwealth with an avenue for demonstrating that they meet commonly accepted professional standards for efficient and effective agency operation. The mission of the Virginia Law Enforcement Professional Standards Commission is to advance law enforcement professionalism through the establishment of professional standards and the administration of a formal mechanism by which Virginia agencies can be systematically measured, evaluated, and updated.

VLEPSC GOALS

- To increase the effectiveness and efficiency of law enforcement agencies in the Commonwealth of Virginia in the delivery of services
- To promote cooperation and coordination among all components in the criminal justice system
- To ensure the appropriate level of training for law enforcement personnel
- To promote public confidence in law enforcement
- To promote the professionalism of law enforcement agencies in the Commonwealth of Virginia

The Charlottesville Police Department has been an accredited agency with the Virginia Law Enforcement Professional Standards Commission (VLEPSC) since 2000. The Department received its 6th reaccreditation award in October 2020 and is currently in the third of a four year Term towards reaccreditation, currently slated for 2024.

The Charlottesville Police Foundation (CPF) was founded in 2004 by a group of dedicated local citizens to support the Charlottesville Police Department (CPD). The foundation fills many gaps by providing advanced training, new technologies and equipment, housing assistance in the form of grants, recognition of our police force, and structured community outreach through many events and programs.

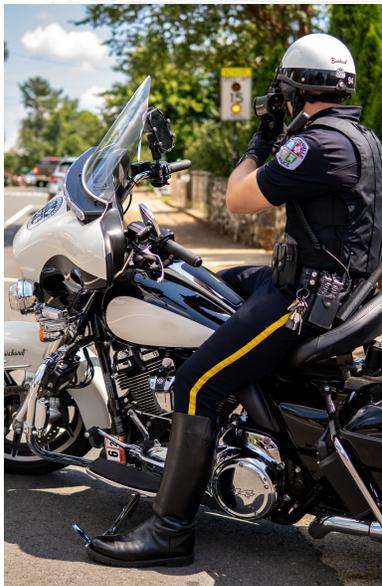

The CPD launched its Lunch and Learn series during COVID and continued with 12 presentations beginning the 2022 year with “Man's Best Friend - an inside look at the K9 unit”. The monthly series spotlighted critical law enforcement topics through the Fall.

Last year the CPF supported a number of events and activities including National Police Week and the post Academy Training Program. We hosted an Officers of the Month luncheon and the CPD Appreciation & Award Dinner. The Foundation secured local donations to purchase 1000 toys that were distributed throughout local neighborhoods via the Santa Van during December, we provided holiday dinners for all officers, and awarded a housing grant to one officer and their family.

What a difference a year makes! The Foundation is currently engaged with a host of community events and programs as we continue to provide support to the CPD and welcome Chief Kochis.
