

\$500

Towards Attic Insulation improvements

Upgrading the insulation in your home's attic is the most cost effective way to increase your comfort, lower your heating and cooling bills, and improve your home's energy efficiency. The U.S. Department of Energy (DOE) estimates that upgrading your home's attic insulation can lower heating and cooling costs by 10 to 50%.

Attic Insulation Improvements Rebate Request Form

Name: _____

Service Address: _____

Mailing Address: _____

Phone Number: _____

Gas Account Number: _____

TO QUALIFY FOR THE REBATE, YOU MUST:

- ✓ Customer must be the home/rental property owner and be in good credit standing with the City of Charlottesville
- ✓ Must use natural gas for home heating*
- ✓ Available to existing single family homes only; and does not apply to garages or new construction
- ✓ Valid for attic insulation installed after July, 1st 2020**
- ✓ Attic Insulation installation must be performed by a licensed contractor. The rebate does not apply to self-install projects
- ✓ Dealers/Contractors are not eligible to receive their customer's rebate
- ✓ Charlottesville Department of Utilities reserves the right to verify completed jobs prior to payment of a rebate
- ✓ Rebate programs are available on a first-come, first-serve basis. Funding and guidelines for these programs may be changed or discontinued at any time without notice.

All applications require the following documentation:

- **Copy of invoice stating pre-existing R-value, added R-value, and square footage covered**

I certify that I have upgraded the attic insulation on my City gas heated home.

Signature: _____

Date: _____

Installer's Name: _____

Date of Installation: _____

Initial R-value: _____

Added R-value: _____

The rebate can be used to cover the cost of attic insulation improvements up to \$500

**Natural gas fireplaces do not qualify as the primary source of home heating.*

***Attic Insulation installed between July 1, 2020, and February 9, 2025, is eligible for a \$300 rebate only.*
