Home to Hope

is a program designed to help City of Charlottesville residents who have been recently released to society connect to resources such as food, housing, hygiene, transportation, employment, and other basic necessities. The program provides peer support with a lived experience by building relationships and support systems to encourage a life of resilience. Through **Home to Hope Community Partners**, we would like to encourage local businesses and employers to collaborate and provide services for the individuals we serve.

Examples of Partnerships include:
Vouchers/Discounts for Clothing
Haircuts/Hairstyles for Job Interviews or First Day of Release
Providing a Meal for a Participant who has been Recently Released
Providing Employment Opportunities.

For more information, please reach out to us and we can discuss what services you are willing to provide and add you to our partnership promotion and events.
